Authorized Applicator

**FB-2020-03**  
**FAST™ 100 LV Discontinued**  
**February 20, 2020**

## To: Carlisle SynTec Systems' Authorized Applicators

Effective April 1, 2020, Carlisle will discontinue FAST 100 LV Adhesive in Dual Cartridges, 5-Gallon Jugs, 15-Gallon Drums, and 50-Gallon Drums. Stocking locations and availability will vary as inventory levels diminish for each packaging type. Returns of non-expired FAST 100 LV in Dual Cartridges, 5-Gallon Jugs, 15-Gallon Drums, and 50-Gallon Drums will not be accepted after April 1, 2020. FAST 100 LV Dual Tanks will be available until October 31, 2020.

Flexible FAST Adhesive will serve as the replacement for FAST 100 LV. Since its inception in 2008, Flexible FAST has steadily gained popularity due to its performance benefits. With the introduction of Flexible FAST in all packaging types, Carlisle now offers an industry-leading product that can be used year-round for both membrane and insulation attachment.

As of January 1, 2020, FAST 100 LV is only permitted to be used for insulation attachment. Please use the chart below for acceptable membrane and insulation applications.
