

MARKETING ANNOUNCEMENT

Authorized Applicator

Flexible FAST HFO Dual Tanks Gun and Hose Fittings March 15, 2022

To: Carlisle SynTec Systems' Authorized Applicators

To help improve availability and reduce supply disruptions, Carlisle SynTec Systems will be changing the gun and hose fitting sizes on its Flexible FAST™ HFO Dual Tanks.

When [Flexible FAST HFO Dual Tanks](#) were launched in March 2021, Carlisle changed the sizes of the hose and tank fittings to avoid any crossover issues with Flexible FAST HFC Dual Tanks. Effective March 3, 2022, all Part-A boxes will contain a gun and hose assembly transitioning from the larger swivel hose fitting and tank fitting adaptor to a smaller version that is more readily available.

Customers will be able to use tanks produced with the larger fitting and smaller fitting together. The larger tank adaptor fitting will remain in each Part-B box (zip-tied to the tank) in case it is needed. [Click here](#) for an instructional video that shows how to use tanks with different-sized swivel hoses and tank adaptor fittings.

[Manufacture Date Before 3/3/22](#)

Manufacture Date After 3/3/22

Flexible FAST HFO Dual Tank Fitting Breakdown			
Product Name	Manufacturing Date	Swivel Hose Fitting	Tank Fitting Adaptor
Flexible FAST HFO Dual Tanks	3/1/21 - 3/1/22	Large Fitting	Large Fitting
Flexible FAST HFO Dual Tanks	3/3/22 or newer	Small Fitting	Small Fitting

Carlisle will also discontinue the 25' Flexible FAST HFO Dual Tank Gun (product code 341411) and replace it with the 25' Flashing Foam & Dual Tank Gun (product code 326080). The 25' Flashing Foam & Dual Tank Gun should be used when additional guns and hoses are required.

Product Code	Product	Stocking Locations	Packaging
326080	Flashing Foam & Dual Tank Gun – 25'	C, G, S, T	1 per pack

C = Carlisle, G = Greenville, S = Senatobia, T = Tooele

Visit the Flexible FAST Dual Tank Adhesive page on Carlisle's website for more information, including application videos, Product Data Sheets, and Safety Data Sheets. If you have any questions or are seeking more information, please contact your Manufacturer's Representative.
