

# CARLISLE'S AUTHORIZED APPLICATORS MARKETING ANNOUNCEMENT

**CMP-2014-13**

**Prefabricated Edge Metal Announcement  
November 21, 2014**

**To: Carlisle SynTec Systems' Authorized Applicators**

Please be advised that prefabricated perimeter edge metal may be warranted in conjunction with Carlisle's EPDM, TPO, and PVC roofing systems, provided that the edge metal is a **Carlisle**-branded product and is installed in accordance with Carlisle's current technical specifications and details. Prefabricated perimeter edge metal not purchased through Carlisle will be excluded from Carlisle's Golden Seal Total System Warranty.

**MATERIAL REQUIREMENTS**

All eligible prefabricated edge metal systems must be installed using the splice plates and fasteners provided and utilizing Carlisle sealants where necessary.

**INSTALLATION REQUIREMENTS**

All perimeter edge metal should be installed in accordance with the requirements specific to that system. Installation guides are available on the Edge Metal page of Carlisle SynTec Systems' website.

**LIMITATIONS**

1. All Carlisle-branded prefabricated edge metal systems provided and installed in accordance with these requirements are eligible for inclusion in Carlisle's Total System Warranty. These systems meet ANSI/SPRI ES-1 compliance, but they may not meet the requirements of other standards, such as Factory Mutual (FM).
2. Sealants at metal connections are an owner maintenance item.

**ELIGIBLE PRODUCTS**

The following Carlisle-branded prefabricated perimeter edge metal profiles are eligible for Total System Warranty inclusion:

- SecurEdge™ 2000/3000/4000 Fascia Systems
- SecurEdge 1000 Fascia Systems
- SecurEdge 200/300/400 Fascia Systems
- SecurEdge One Fascia and Coping Systems
- SecurEdge 200/300/400 Coping Systems
- EconoEdge Coping and Fascia Systems
- Sure-Seal® 200/300/400 Drip Edge
- Sure-Weld® 200/300/400 Drip Edge
- SecurEdge 200/400 Gravel Stop

If your warranted roofing project requires an edge profile not listed above, please contact your local manufacturer's representative for assistance.

Sincerely,

Ken Laremore  
Product Manager, Carlisle Metal Products
