

CARLISLE'S AUTHORIZED APPLICATORS MARKETING ANNOUNCEMENT

PVC-2015-11

Product Codes for Sure-Flex™ PVC & KEE HP Coverstrips
August 5, 2015

To: Carlisle SynTec Systems' Authorized Applicators

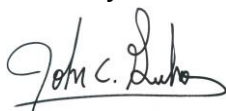

Effective immediately, Carlisle SynTec Systems' fabric-reinforced white and gray Sure-Flex™ PVC and KEE HP Coverstrips are now 75' long. This modification will allow contractors to spend less time opening cartons and more time working on the roof.

When ordering Carlisle's new 75'-long PVC and KEE HP Coverstrips, please be sure to use the product codes listed below. Please continue to use the existing product codes for Carlisle's fabric-reinforced tan PVC and KEE HP Coverstrips, which are still 65' long. The new product codes will be stocked in the Carlisle, Greenville, and Tooele plants.

Old Product Code	Old Description	NEW Product Code	NEW Description
318670	.080 KEE HP COVERSTRIP 8" X 65' WHT 1/CT	325165	.080 KEE HP COVERSTRIP 8" X 75' WHT 1/CT
