FleeceBACK® Fire-Rated TPO Roofing System

April 19, 2018

To: Carlisle SynTec Systems' Authorized Applicators

Carlisle SynTec Systems is pleased to introduce its FleeceBACK Fire-Rated (FR) TPO roofing system. This system uses Carlisle's patent-pending optimized fleece to provide a UL Class A fire rating for direct application to wood decks. The FleeceBACK FR TPO system is approved for mechanically fastened applications and eliminates the need for multiple layers of base sheets or gypsum thermal barriers. The FleeceBACK FR TPO system offers a variety of features and benefits, including:

- Labor savings of up to 25%
- No application temperature restrictions
- No VOCs or odors
- Greater puncture resistance than modified bitumen
- 67% fewer seams than modified bitumen
- Excellent resistance to hail and punctures
- 115-mil membrane thickness adds toughness and durability
- 2" hail coverage available (Detail FR-2)
- UL Class A approval for direct application to combustible decks

NOTE: FleeceBACK FR TPO membranes are only approved for mechanically fastened applications and are not approved for fully adhered applications.

FleeceBACK FR TPO Membranes				
<u>Product Code</u>	<u>Description</u>	<u>Size</u>	<u>Weight</u>	<u>Stocking Location</u>
330794	WHITE TPO FLEECEBACK-115-mil	10' x 50'	203 lbs	Tooele, UT
330205	WHITE TPO FLEECEBACK-115-mil	10' x 100'	390 lbs	Tooele, UT
