

# MARKETING ANNOUNCEMENT

Authorized Applicator

**RG-2018-19**  
**Plaza Paver System Product Line Additions**  
**November 29, 2018**

**To: Carlisle SynTec Systems' Authorized Applicators**

Carlisle SynTec Systems is pleased to announce its Plaza Paver product line is expanding. Carlisle will now offer concrete pavers from Sunny Brook Pressed Concrete and a variety of accessories from MRP Supports, including adjustable and fixed-height supports and EPDM pedestals.

With the ever-increasing demand for rooftop amenity space, it is important that Carlisle's paver product offering meet customers' needs. Collaborating with Sunnybrook and MRP will enhance Carlisle's total-systems strategy by providing industry-leading, single-source overburden system solutions through one channel.

As a reminder, Carlisle offers a full line of Roof Garden and Plaza Paver products to meet virtually any roof design. If the building owner wishes to obtain a Carlisle Total System Warranty, all Roof Garden components and Plaza Pavers must be supplied by Carlisle.

For more information about the additions to Carlisle's Plaza Paver product line, consult the product data sheets or contact your manufacturer's representative.
