

MARKETING ANNOUNCEMENT

Authorized Applicator

EPDM-2018-20 CAV-GRIP™ III for use with EPDM December 7, 2018

To: Carlisle SynTec Systems' Authorized Applicators

Carlisle SynTec Systems is excited to announce that CAV-GRIP III Low-VOC Adhesive/Primer can now be used to bond Sure-Seal®, Sure-Tough®, and Sure-White® EPDM to horizontal substrates for warranty terms up to and including 20-year, 90-mph designs. CAV-GRIP III provides substantial productivity-boosting advantages on the jobsite:

- Can be used in temperatures as low as 25°F (-4°C)
- VOC compliant and very low odor
- Quick application with spray gun
- Fast tack time (< 5 minutes)
- No stirring and easy clean-up
- Up to 60% labor savings compared to traditional bonding adhesive applications

CAV-GRIP III packaging options and supporting accessories are listed below.

| Description | Product Code | Packaging | Weight | Stocking Location(s) | Coverage Rate* |
|-----------------------------|--------------|---------------|--------|----------------------|-------------------------|
| CAV-GRIP III | 329902 | 24 per pallet | 40 lb | C, G, S, T | 1,000 ft ² * |
| CAV-GRIP III | 332652 | 12 per pallet | 85 lb | Direct Ship | 2,000 ft ² * |
| Low-VOC UN-TACK | 330793 | #8 Cylinder | 14 lb | C, T | N/A |
| Spray Gun w/24" Extension** | 330912 | Box | 2 lb | C, T | N/A |
| CAV-GRIP 6' Hose | 304302 | 6' length | 1 lb | C, G, T, S | N/A |
| CAV-GRIP 12' Hose | 304303 | 12' length | 2 lb | C, G, T, S | N/A |
| CAV-GRIP 18' Hose | 304304 | 18' length | 3 lb | C, G, T | N/A |

*Approximate double-sided adhesive application
**Hoses sold separately

CAV-GRIP III has proven to be popular in previously approved applications, including adhering FleeceBACK® EPDM membranes to vertical surfaces, adhering Sure-Weld TPO membranes, and as a primer for VapAir Seal™ 725TR. Contractors who used CAV-GRIP III in the test market have raved about the speed and ease of application, as well as the dramatic reduction in flash-off time. Please give CAV-GRIP III a try on your next adhered project.

If you have any questions, or for more information, please contact your manufacturer's representative.

Sincerely,

Ronald L. Goodman, EPDM Marketing Manager
