

MARKETING ANNOUNCEMENT

Authorized Applicator

TPO-2019-02 TPO and PVC Packaging Improvements January 25, 2019

To: Carlisle SynTec Systems' Authorized Applicators

On February 11, 2019, Carlisle SynTec Systems will begin packaging additional sizes of Sure-Weld® TPO and Sure-Flex™ PVC membrane in a new, branded stretch film. This new film will improve brand recognition and simplify product identification at the warehouse and on the rooftop. It will also include important information, including membrane thickness and code approvals.

When placing orders, please use the old product codes until February 11, 2019. All orders placed before February 11, 2019, will be shipped with the old product code, regardless of the delivery date.
